MUSCULOSKELETAL

L23 **Manual Handling Operations Regulations 1992 Guidance on Regulations**

This guidance is mainly for employers, managers and safety representatives, but may also be useful for employees.

The guidance explains how to avoid, assess and reduce the risk of injury from manual handling.

9780717666539  **£18.00**

L24 **Workplace health, safety and welfare Regulations 1992: Approved Code of Practice and guidance**

The Workplace (Health, Safety and Welfare) Regulations 1992 cover a wide range of basic health, safety and welfare issues and apply to most workplaces (except those involving construction work on construction sites, those in or on a ship, or those below ground at a mine).

9780717665839  **£18.00**

L26 **Work with display screen equipment (DSE)**

Revised edition with comprehensive regulatory guidance on how to comply. Acknowledging prevalence of such screens in wider environments, it addresses both office and non-office usage with pertinent information on each main aspect of the Regulations with relevant extracts (full citation also included).

9780717625826  **£18.00**

INDG36 **Working with display screen equipment (DSE): A brief guide**

This leaflet will help you to comply with the Health and Safety (Display Screen Equipment) Regulations 1992 and explains what you, as an employer, may need to do to protect your employees from any risks associated with Display Screen Equipment (DSE).

9780717664726  Pack of 5 **£5.00**

INDG143 **Manual handling at work: A brief guide**

This leaflet describes what you, as an employer, may need to do to protect your employees from the risk of injury through manual handling tasks in the workplace. It will also be useful to employees and their representatives.

9780717664788  Pack of 5 **£5.00**

INDG404 **Drive away bad backs: Advice for mobile machine operators and drivers**

Mobile machine operators and drivers often report back pain. This can have many causes, not all related to work. But back pain may be made worse by driving for a long time in a poorly adjusted seat, jolting and jarring from rough roads (whole-body vibration) and by manual handling.

9780717661206  Pack of 25 **£3.50**

INDG478 **Risk assessment of pushing and pulling (RAPP) tool**

This tool will help you identify high-risk pushing and pulling operations and check the effectiveness of any risk-reduction measures. For each type of assessment there is a flow chart, an assessment guide and a score sheet. The flow charts provide an overview of the risk factors and assessment process, while the assessment guides provide information to help you determine the level of risk for each factor.

9780717666577  Pack of 5 **£5.00**

CK1 **Display screen equipment (DSE) workstation checklist **

This checklist can be used by employers who need to comply with the Health and Safety (Display Screen Equipment) Regulations 1992. It can be used as an aid to risk assessment and to help comply with the Schedule to the Regulations.

9780717665211 Pack of 5 **£12.50** (£15.00 inc. VAT)

HSG60 **Upper limb disorders in the workplace**

Upper limb disorders are a particular group of musculoskeletal ailments affecting the arm and neck. This revised and extensive guidance is addressed to managers with responsibility for workers at risk of developing such complaints and explains the - often hidden - hazards and risks and how to control them.

9780717619788  **£20.00**

HSG220 **Health and safety in care homes**

This guidance is intended to help those providing and managing care homes to give them a better understanding of the real risks and how to manage them effectively. It has been extensively rewritten, with a number of new topics, and brings together key messages on risks to both workers and residents. It will also be of interest to others working in social care.

9780717663682  **£18.00**

WORK-RELATED STRESS

Work-related Stress Statistics A2 Poster (laminated) - Stress, anxiety and depression statistics 2017

Find out how to manage work-related stress and recognise signs of stress so you can protect your employees.

9780717666720  **£8.33** (£10.00 inc. VAT)

Money saving packs

20% off individual prices

Health and Safety Essentials for Business: For owners and those responsible for workplace hazards

This pack brings together two popular titles (HSG268 & HSG65) that provide advice to help you identify, assess and control the activities that might cause harm in your business. Simple, straightforward advice is aimed at those starting up or running a small business, or those who have been appointed as a safety representative in a larger organisation. Whatever line of work you are in, this pack will help you run a safe and healthy workplace.

9780717666751  **£34.00**

Health and Safety Essentials for Business: A starter pack

Great for SMEs, this pack brings together three key publications from HSE, essential to any business. HSG268 covers the most common workplace hazards. It shows how most small to medium-sized businesses can put measures in place to control the risks. HSG65 builds on the practical advice in the toolbox and is one of HSE's most popular guides. The Law poster needs no introduction - All employers have a legal duty under the Health and Safety Information for Employees Regulations (HSIER) to display the poster in a prominent position in each workplace or provide workers with a copy of the equivalent leaflet.

9780717666799  **£43.00**

Health and Safety Manager Legal Titles Pack

HSE's Legal (or 'L') series of publications all contain the Regulations in full, plus guidance in one, clear document. Some also contain the Approved Code of Practice (ACOP), which has a special legal status. These seven stand out as being useful across industries. Here is our Health and Safety Manager pack, providing you with seven essential L titles and saving you 20% on the collected price of the individual publications.

Pack consists of: L22, L23, L24, L25, L26 and L146.
9780717667130  **£98.00**

Construction Site Worker Safety Poster Pack

This new pack delivers great value on these popular posters. Posters are an excellent way to communicate to workers easily, effectively and pictorially.

Pack consists of:

- | | |

9780717666904  **£16.67** (£20.00 inc. VAT)

Accident Book and A3 Law Poster Pack

A fantastic offer for all businesses, especially SMEs. This pack brings together two essential publications to ensure safety in the workplace. Pack consists of Accident Book 9780717666935 and A3 Law poster 9780717663699

9780717667147  **£12.16** (£14.56 inc. VAT)

Law poster

Watch out for counterfeits!

The Official Law poster includes security features to protect buyers from fakes. A unique hologram of either design, as shown here, guarantees a poster's authenticity.

As an employer, you are required by law to either display the HSE-approved poster or to provide each of your workers with the equivalent leaflet.

There are various versions of the poster. You can select the most appropriate for your business, depending on where in the UK you are based.

Storage

HSG76 Warehousing and storage: A guide to health and safety

This book is for managers, supervisors and those with other health and safety interests in warehouses and storage facilities. It will also be useful to employees and health and safety representatives.

The Health and Safety Executive (HSE) has written this guide in liaison with the Warehousing Health and Safety Forum, a joint committee representing trade associations, trade unions and employer organisations.

The guide is intended as an aid to health and safety management, to help reduce injuries and occupational ill health, and help the industry achieve the government's injury reduction and occupational ill health targets for UK workplaces.

9780717662258  **£20.00**

HSG176 Storage of flammable liquids in tanks

This book gives guidance on the design, construction, operation and maintenance of installations used for the storage of flammable liquids in fixed tanks operating at or near atmospheric pressure. It applies to new installations and existing installations where practicable.

9780717666072  **£18.00**

INDG412 Warehousing and storage: Keeping it safe

Guidance to help small to medium-sized companies involved in warehousing and storage to reduce the number of injuries and cases of occupational ill health. Included is: Causes of accidents; Slips and trips; Manual handling; Work at height; Vehicles in and around the warehouse; Moving or falling objects; Further reading; and Further information.

9780717662531  Pack of 15 **£3.50**

Electrical

HSG85

Electricity at work: Safe working practices

This edition gives guidance on the key elements that need to be considered for people who carry out work on or near electrical equipment.

9780717665815  **£15.00**

HSG230

Keeping electrical switchgear safe

This book is aimed at owners and operators in industrial or commercial organisations, although equipment suppliers and electricity distribution companies may also find the advice useful.

9780717665570  **£18.00**

HSR25

Part of the Health and Safety Regulation (HSR) Series. Memorandum of Guidance on the Electricity at Work Regulations

This guidance highlights what can be done by dutyholders to achieve electrical safety compliance with the duties imposed by the Regulations.

9780717666362  **£18.00**

INDG231

Electrical safety and you: A brief guide

This leaflet outlines basic electrical safety measures to help you control the risks from your use of electricity at work. The revised version clarifies the advice on maintaining portable electric equipment in low-risk environments. It also gives details of other useful HSE guidance, such as the Memorandum of guidance on the Electricity at Work Regulations 1989. Guidance on Regulations.

9780717664764  Pack of 10 **£5.00**

INDG354

Safety in electrical testing at work

This leaflet is aimed at people who manage or carry out electrical testing, and gives guidance on controlling risks and preventing or reducing danger arising from these activities. It supplements the information in HSG85 Electricity at work: Safe working practices

9780717665563  Pack of 5 **£5.00**

Health and safety guidance

Health and safety guidance (HSG) The HSG series is made up of guidance books which provide advice for employers to help them comply with health and safety law. Sometimes the content will be aimed at a specific industry sector or specialist target audience.

HSG33

Health and safety in roof work

This book gives guidance on how to plan and work safely on roofs. It covers new buildings, repairs, maintenance, cleaning work and demolition. It gives some guidance for those not directly carrying out work on roofs, eg. clients, designers and specifiers.

9780717665273  **£18.00**

HSG38

Lighting at work

This guidance explains how lighting can contribute to the health and safety of people at work. It is aimed at those who are responsible for health and safety at work but employees may also find the guidance useful. It deals with managing the health and safety risks from lighting in the workplace, good practice for lighting in the workplace, and lighting recommendations.

9780717612321  **£18.00**

HSG40

Safe handling of chlorine from drums and cylinders

This guidance booklet is aimed at employers and employees in a range of industries which use chlorine on a small scale, as well as employers and employees in the chemical industry. It gives safety advice on the use of chlorine from drums and cylinders.

9780717616466  **£18.00**

HSG47

Avoiding danger from underground services

This book outlines the dangers which can arise from work near underground services. The guidance is mainly aimed at clients, designers, planning supervisors, employers, owners, operators, managers and supervisors.

9780717665846  **£15.00**

HSG48

Reducing error and influencing behaviour

This publication is aimed at managers in all industries. It explains why human factors are important in health and safety.

9780717624522  **£18.00**

Now available as Ebooks

Epub 9780717666843

Mobi 9780717666966

HSG97

A step by step guide to COSHH assessment

This publication gives advice and guidance to employers on assessing their activities under the Control of Substances Hazardous to Health Regulations 2002 (COSHH).

9780717627851  **£18.00**

HSG107 **Maintaining portable electrical equipment**

This second edition should help employers, employees and the self-employed maintain portable and transportable electrical equipment. The guidance covers electric drills, extension leads, portable hand lamps, portable grinders, pressure water cleaners, floor cleaners, electric kettles and similar equipment.

9780717666065  **£15.00**

HSG168 **Fire safety in construction: Guidance for clients, designers and those managing and carrying out construction work involving significant fire risks**

This guidance will help those involved in construction identify the main causes of accidents and ill health and it explains how to eliminate the hazards and control the risks.

9780717663453  **£18.00**

HSG139 **The safe use of compressed gases in welding, flame cutting and allied processes**

The main aim of this book is to promote increased safety in the use of compressed gases in gas welding, flame cutting and related processes. It is aimed at managers, safety specialists, manufacturers, suppliers and installers of equipment.

9780717606801  **£18.00**

HSG170 **Vibration solutions: Practical ways to reduce the risk of hand-arm vibration injury**

This book is aimed at managers in industry who have problems with vibration, which can cause hand-arm vibration syndrome and vibration white finger. It uses case studies to show how vibration levels can be reduced and by how much.

9780717609543  **£18.00**

HSG140 **The safe use and handling of flammable liquids**

This book provides information on the fire and explosion hazards associated with flammable liquids and details practical measures. It advises on safe operating procedures and precautions needed to reduce injuries and damage, and also gives guidance on appropriate standards for plant and equipment.

9780717666096  **£18.00**

HSG175 **Fairgrounds and Amusement Parks: Guidance on safe practice**

This publication provides guidance for all those involved in the organisation, operation and management of fairgrounds and theme parks. This third edition gives a clearer explanation of what action to take and why. It has been co-written with the Fairgrounds Joint Advisory Committee.

9780717666638  **£20.00**

HSG144 **The safe use of vehicles on construction sites**

A guide for clients, designers, contractors, managers and workers involved with construction transport 2009 This book gives practical guidance on how to prevent vehicle accidents on construction sites.

9780717662913  **£15.00**

HSG221 **Technical guidance on the safe use of lifting equipment offshore**

This guidance provides technical information for those involved in the supply, operation and control of lifting equipment in the offshore environment. It shows how to apply the Lifting Operations and Lifting Equipment Regulations, and the Provision and Use of Work Equipment Regulations offshore.

9780717662296  **£18.00**

HSG151 **Protecting the public: Your next move**

This guidance is aimed at all those involved in construction, not only the principal contractor, but also the client, CDM co-ordinator and designer, where appropriate. It contains practical advice on designing, planning, maintaining and carrying out construction work.

9780717662944  **£15.00**

HSG236 **Power presses: maintenance and thorough examination**

This guidance is intended to help users of power presses and those people involved in the installation and maintenance of power presses meet their duties under the Provision and Use of Work Equipment Regulations 1998.

9780717621712  **£18.00**

HSG159 **Managing contractors: A guide for employers**

This booklet provides guidance on managers' responsibilities for health and safety when using contractors in the workplace. It is aimed at owners, directors and managers of small to medium-sized chemical companies, but will be of use to other industries.

9780717664368  **£18.00**

HSG250

Guidance on permit-to-work systems: A guide for the petroleum, chemical and allied industries

This guidance describes good practice in the use of permit to-work systems, and may be useful to operators using permit-to-work systems as part of a demonstration that risks have been reduced to as low as reasonably practicable.

9780717629435  **£15.00**

HSG252

A recipe for safety: Occupational health and safety in food and drink manufacture

The guidance aims to spread awareness of the accident and ill health picture in the food industry and to stimulate awareness of priority areas for attention. It targets safety representatives and management in firms of all sizes.

9780717666461  **£18.00**

HSG253

The safe isolation of plant and equipment

This publication provides guidance on the general principles of safe process isolations. It describes how to isolate plant and equipment safely, and how to reduce the risk of releasing hazardous substances during intrusive activities such as maintenance and sampling operations.

9780717661718  **£18.00**

HSG254

Developing process safety indicators: A step-by-step guide for chemical and major hazard industries

This will help senior managers and safety professionals in organisations develop performance indicators to give improved assurance that major hazard risks are under control.

9780717661800  **£18.00**

HSG256

Managing shift work: Health and safety guidance

This is aimed at employers, safety representatives, trade union officials and employees. It aims to improve understanding of shift work and its impact on health and safety.

9780717661978  **£15.00**

HSG261

Health and safety in motor vehicle repair and associated industries

This book is aimed those involved in motor vehicle repair (MVR) businesses. The guidance covers vehicle maintenance and repair.

9780717663088  **£18.00**

HSG262

Managing skin exposure risks at work

This guidance is aimed at employers, health and safety advisers, trainers and safety representatives. It contains practical advice on ill health arising from skin exposure, recognising potential skin exposure in your workplace, and managing skin exposure to prevent disease.

9780717666492  **£15.00**

HSG263

Involving your workforce in health and safety: Good practice for all workplaces

This guide is mainly aimed at medium to large employers who need to consult and involve their employees on health and safety matters. Small businesses may find the good practice helpful, particularly the case studies.

9780717662272  **£18.00**

HSG270

Farmwise: Your essential guide to health and safety in agriculture

This guidance is relevant to everyone working on farms. It will help you achieve good standards of health and safety, and reduce injuries and ill health. This updated third edition includes a key change to chapter nine of the guide to take into account requirements of the Construction (Design and Management) Regulations 2015.

9780717666645  **£18.00**

HSG270W

Welsh: F Ffermio diogel: eich canllaw hanfodol i iechyd a diogelwch mewn amaethyddiaeth

There are persistently high rates of fatal incidents and work-related ill health in the agricultural industry. This guidance is designed to help everyone working in the industry achieve good standards of health and safety.

9780717665808  **£18.00**

HSG274

Legionnaires' disease: Technical guidance

This guidance is for dutyholders, which includes employers, those in control of premises and those with health and safety responsibilities for others, to help them comply with their legal duties. These include identifying and assessing sources of risk.

9780717666355  **£20.00**

HSG282

NEW!

Control of legionella and other infectious agents in spa-pool systems

Spa-pool systems are a recognised source of diseases caused by infectious agents including the organism that causes legionnaires' disease, primarily Legionella pneumophila. There have been a number of outbreaks linked to spa pools in leisure centres, hotels, holiday homes, on cruise ships and on display.

9780717666812  **£18.00**

HSG283

NEW!

Managing infection risks when handling the deceased

This publication provides guidance on managing the risks of infection when handling the deceased. It is aimed at those in The mortuary and post mortem room, Funeral services, Exhumations and those who come into contact with the deceased through their work activities, such as ambulance workers, the police, General Practitioners or porters/domestic cleaners. This new revision brings together IAC 9780717622931 and online guidance from HSE.

9780717666768  **£18.00**

Safe Deal Playing Cards

These newly developed playing cards help you increase the opportunities to talk both formally and informally about the human factors that affect your organisation. The cards can make it much easier to break the ice, broach big subjects and start meaningful discussions.

They can be used by anyone - health and safety professionals, managers, supervisors and safety reps - to begin talking about safety. The more you talk about safety, making it an on-going open dialogue, the more likely it is you will engage your workforce in safety becoming 'part of the job'.

9780717666782

Safe Deal	1 Pack		£16.67 (£20.00 inc VAT)

Healthy Deal Playing Cards

Healthy Deal is a set of playing cards that can be used to raise awareness about the 'health' in 'health and safety'.

Each card contains useful information and questions about health risk management and prompts discussion about how your organisation approaches it.

Healthy Deal is designed to be used by health and safety, occupational health and HR professionals with their leaders, managers and supervisors to raise the profile of health risk management to give it equal priority alongside safety.

Evidence shows that taking an approach to worker protection that integrates employee health and wellbeing alongside safety offers the greatest benefits both to the individual and to the organisation.

Health and Safety Official Online Library

Access to over 500 official key titles. www.officialpublicationsonline.co.uk (OPO)

The HSE online library brings together essential guides from the Health and Safety Executive, alongside the relevant legislation, regulations, parliamentary papers and reports that complement them. All the publications you need in one place, enabling you to search and browse efficiently.

It's a value-added service, no more will you have to trawl the web looking for updates, or worry that you are using out-of-date guidance. OPO can alert you to new publishing with the update service - publications are updated within the library on publish.

£250.00 (ex. VAT) for the collection (includes a backlist plus what is published in the subscription period). **£100.00** per year thereafter

Publishing included in the library

- Health and Safety Executive Guidance and Legal titles
- Parliamentary publications such as Regulations, Legislation and Government responses

Features

- PDFs can be downloaded and used across multiple devices and locations
- Network across your organisation
- Cost effective
- Archive dating back to the 1970s - over 40 years of publishing
